FACTS ABOUT CHILD ABUSE YOU MAY NOT KNOW

Did you know...The Catholic Church is deeply committed to protecting children from abuse and holding people accountable for inflicting such pain. In December 2021, the revised Book VI of the Code of Canon Law went into effect. This is the most recent of several documents that specifically address the issue of the abuse of children. Other documents include Vos estis lux mundi and Vademecum. These documents expand the acts which are considered abusive, clarify the manner in which the cases are processed, and hold people accountable for their action or inaction with regard to processing of a case. Of significant importance is attention given to the care of victim survivors and all who have been harmed. Bishops in the US lead the way for these changes with the implementation of the Charter for the Protection of Children and Young People 20 years ago. Today every diocese and eparchy must have in place systems for tending to those who have been harmed, protecting those in our care and seeking restorative justice.
